Altar Call

God was the greatest risk taker of all.

Most people have no concept of God and who he is.

Many people think that he looks just like us. They are right because he created us in His image. However he is much bigger.

Revelation 1:16 (Amplified Bible)

16In His right hand He held seven stars, and from His mouth there came forth a sharp two-edged sword, and His face was like the sun shining in full power at midday.

Lets talk about it.

We live on planet earth.

We have a form of measurement. Feet, miles, etc.

Our known existence is to the edge of our solar system. Voyager has just a couple of years ago exited our solar system.

God is so big that he measures distance at the speed of light 186,282 miles per second.

The distance between us from the sun is approx 96 000 000 miles

The time it takes for us to see the light from the sun is about 8 minutes.

Isaiah 48:13 (Amplified Bible)

¹³Yes, My hand has laid the foundation of the earth, and My right hand has spread out the heavens; when I call to them, they stand forth together [to execute My decrees].

We live in what scientists call the milky way it is huge approx 100, 000 light years in diameter and about 1000 light years thick.

PIC OF MILKY WAY

We live in a subdivision of the milky way. and our sun is only one of about 400 billion stars.

Job 22:12 (New International Version, ©2010)

¹² "Is not God in the heights of heaven?
And see how lofty are the highest stars!

Job 38:7 (New International Version, ©2010)

7 while the morning stars sang together
and all the angels shouted for joy?

VELA PULSAR

Psalms 147:4 (New International Version, ©2010)

4 He determines the number of the stars
and calls them each by name.

Job 17:9 (Amplified Bible)

9Yet shall the righteous (those upright and in right standing with God) hold to their ways, and he who has clean hands shall grow stronger and stronger.^(A)

How does one Change the world?

Risk takers

Romans 8:31 (Amplified Bible)

31What then shall we say to [all] this? If God is for us, who [can be] against us? [Who can be our foe, if God is on our side?]

Why would God make these distances so great? To bring glory to himself.
